I had the time of my life here

what I believed changed here

this is where things shifted

I finished something big here

I felt so lost here

life changed for me here

this was an absolute miracle

I closed a door here

I learned so much about life here

what I thought changed here

an important part of my journey.

I opened a door here

I felt confident and content here

my dreams changed here

It was worth it.

I felt proud of myself here

I was part of something big here

I changed here

I survived all of it, I made it.

this is where I had my first job

I felt a sense of belonging here

how I felt changed here

I am thankful every day for this

I became a mother here

I had a huge loss here

My heart was breaking at this time

my possibilities changed here

I learned how strong I was here

I became a wife here

I experienced love here

I never spoke of it again after this

a complete blessing in disguise

I felt loved and cherished here

I had no idea what I was doing here

I was made new here

it all worked out in the end

I learned a huge lesson here

I was on top of the world here

I was began healing here

I did the best I could and it was enough

I survived a lot during this time

I had the trip of a lifetime here

I felt so alone here

this part was very difficult

I forgave here

I met someone who changed my life here

My Truthteller spoke to me here

everything changed after this

I was held and carried here

I met someone who changed my life here

a surprise that changed my life

I was too hard on myself here

I loved everything about life here
